Semester Grade Card

Name	: JESTIN GEORGE
Register No.	: SJC24MCA-2035
Branch	: Master of Computer Applications
Program	: MCA
Semester	: Ist semester

Course Name	Course Code	Grade	Credit	Month & Year of Examination
Mathematical Foundations for Computing	24SJMCA101	A	4	December 2024
Digital Fundamentals & Computer Architecture	24SJMCA103	C	4	December 2024
Advanced Data Structures	24SJMCA105	C+	4	December 2024
Advanced Software Engineering	24SJMCA107	C+	4	December 2024
Programming Lab	24SJMCA131	S	2	December 2024
Web Programming Lab	24SJMCA133	A+	2	December 2024
Data Structures Lab	24SJMCA135	S	2	December 2024
Total Earned Credits		22		
SGPA		7.91		
CGPA		7.91		

Controller of Examinations

Grade and Grade Points		
Grades	Grade Point (GP)	% of Total Marks obtained in the course
S	10	90% and above
A+	9.0	85% and above but less than 90%
A	8.5	80% and above but less than 85%
B+	8.0	75% and above but less than 80%
B	7.5	70% and above but less than 75%
C+	7.0	65% and above but less than 70%
C	6.5	60% and above but less than 65%
D	6.0	55% and above but less than 60%
P	5.5	50% and above but less than 55%
F	0	Below 50% (CIE + ESE) or Below 40% for ESE
PASS	0	Pass status for non-computable courses (Not considered for SGPA and CGPA)
FAIL	0	Fail status for non-computable courses (Not considered for SGPA and CGPA)
FE	0	Failed due to not meeting eligibility criteria or Failed in CIE only courses.
Ab	0	Assigned to a student who deferred the regular ESE or was absent but still meets eligibility criteria.
Classification of Degree	First Class with Distinction	CGPA 8.0 and above
	First Class	CGPA 6.5 and above
Equivalent Percentage mark shall be = $10 \times \text{CGPA}$		
Calculation of SGPA / CGPA		
The Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA) are calculated as follows : $\text{SGPA} = \frac{\sum(C_i \times \text{GPI})}{\sum C_i}$ where 'C_i' is the credit assigned to a course and 'GPI' is the grade point for that course. The summation is done for all courses specified in the curriculum of that semester, including failed and incomplete courses, but excluding PASS/FAIL grade courses. $\text{CGPA} = \frac{\sum(C_i \times \text{GPI})}{\sum C_i}$ where 'C_i' is the credit assigned to a course and 'GPI' is the grade point for that course. The summation is carried out for all courses specified in the curriculum up to that semester for which the CGPA is required, including failed courses but excluding PASS/FAIL grade courses. The final CGPA for the program is calculated by considering all course credits required for the degree along with their respective grade points, excluding PASS/FAIL grade courses.
